

WHOI
COMMUNITY ADVISORY COMMITTEE

22 March 2018

3. Village Campus

“Village Hill” Proposal WHOI Community

OBJECTIVES

1. Improve safety, improve circulation, create better access to parking, and reduce WHOI traffic on Water St.
2. Add parking in the Village to reduce the need for parking on the Main Dock (318 total)
3. Improve signage on the Village Campus to support improved wayfinding, safety, and traffic patterns

What we heard

- Preservation of open space
- Legacy of shared use
- Significant open space in Woods Hole
- Opportunities to improve pedestrian systems
- Limit impact of lighting systems
- Remove campus drive element
- Leverage other modes of transportation

Existing Transportation

Existing Conditions: Parking
