

# Energy Efficient Freezers and Appliances

Presented by:

## REPLACING OLD EQUIPMENT

Old and outdated lab equipment, specifically freezers and refrigerators can lead to a massive waste of energy. Find out if your equipment is outdated and in need of replacement

## SEARCHING FOR NEW EQUIPMENT

When looking for new lab equipment, look for equipment that is not only reliable but also energy efficient with an Energy Star seal

## THINK IT THROUGH

The WHOI sustainability task force has different materials regarding which freezers and fridges are the most efficient. We can help you find exactly what you are looking for while being energy conscious

## GO TO THE WHOI SUSTAINABILITY WEBSITE

[HTTPS://WEB.WHOI.EDU/SUSTAINABILITY/FREEZER-FRIDGE-ENERGY-STAR/](https://web.who.edu/sustainability/freezer-fridge-energy-star/)

On the WHOI Sustainability page, you can find information and suggestions as to which appliances are best to purchase

## EFFECTIVITY AND EFFICIENCY

We encourage energy efficiency for appliances, but that does not mean you need to sacrifice quality or cost. The WHOI Sustainability team has researched appliances that are reliable and rebate eligible while also being energy conscious
