

WHSTEP PRESENTS:

Family Science Night

The Unselfish Shellfish: How Aquaculture Helps Humans

**Keynote Speaker: Rick York, Town of Mashpee
“Shellfish and Water Quality Restoration”**

NOAA Aquarium

166 Water St. Woods Hole, MA 02543

Thursday, September 27, 2018

5 – 7 pm

Come check out how these tasty snacks are benefitting our communities! We will also have exhibits from local scientific institutions and shell ornaments to decorate and take home.

Parking is available in the aquarium and MBL lots and metered parking spots are available on MBL and North Street.
